

# Uncover Your Creeks

Watershed education and  
restoration in Canadian cities

**Dana McDonald**  
Manager, Greenspace Programs | Evergreen BC  
Future of Wetlands in the Lower Mainland | Burnaby, BC | February 2, 2015

**First win: Make it local.**

**Second Win:  
Accessible, inclusive  
community stewardship.**

**Third Win: Informed  
volunteers, invested public**

## Fourth win: Connection, communication, collaboration

# Bumps in the Road: Balancing meaningful data collection and accessibility

## Bumps in the Road: Gaining momentum

# Bumps in the Road: Citizen Science

# Where can this work take us?

## Training and education

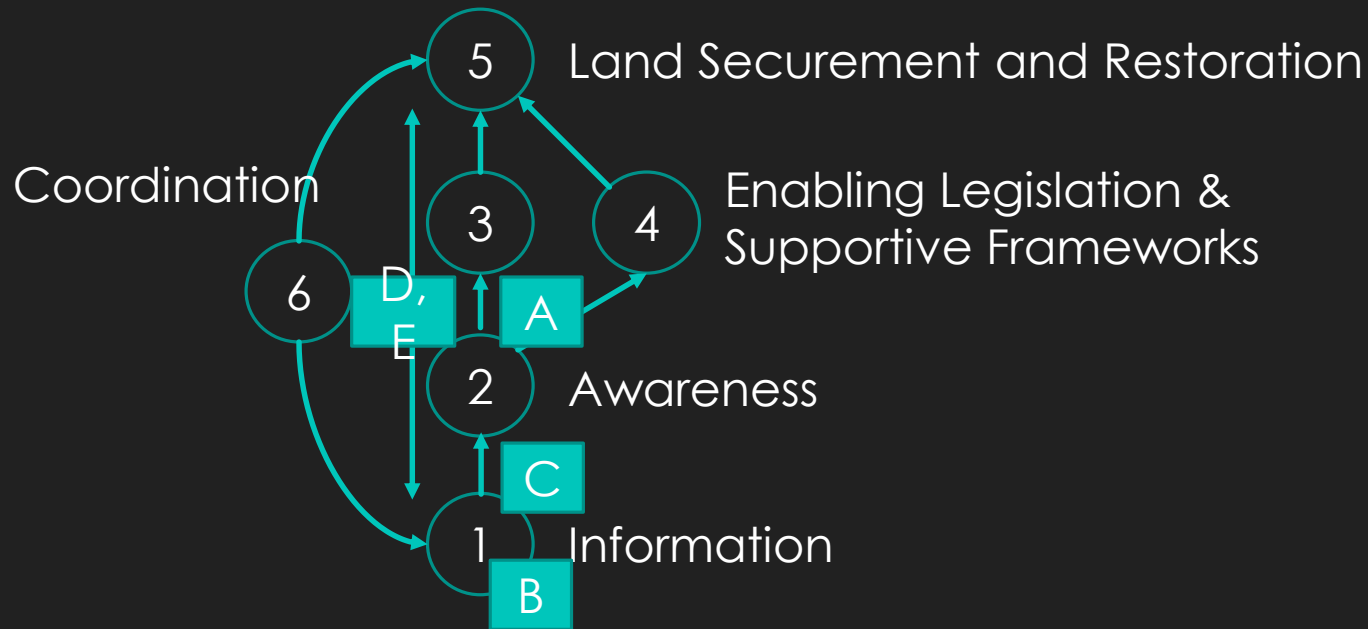

Where can this work take us?  
Connecting the stewardship community with decision-  
and policy-makers

*Urban  
Watersheds*

~~Wetlands Action Plan of BC~~

1. Information
2. Awareness
3. Enabling Legislation
4. Supportive Frameworks
5. Land Securement & Restoration
6. Coordination

**A sticking  
point?**

Lee-Anne's Framework of  
Enabling Conditions

- A) Obtain Buy in
- B) Sufficient Information
- C) Share Information
- D) Report/Transparent  
Feedback
- E) Adaptive Management

Thank you to our funders:

And our partners:

And thank **YOU!**

For being here and doing what you do.
